A file will appear on your desktop this file will have a white icon, when this icon turns the a blue lego brick(this could take a few minutes) double click on it to start the installer.

The Lego Digital Designer Installer

Press next then check the I accept the terms of the license agreement check box and press next three times then click Install.

When it's done installing it will start LDD. It has to load to bricks so it might take a couple minutes to load. When it's done you have installed Lego Digital Designer!
